

```
#include <stdio.h>
#include <stdlib.h>

int main(int argc, char *argv[])
{
    printf("Hola");
    sleep(1000);
    system("cls");
    printf("Mundo");
    sleep(1000);
    system("cls");
    system("PAUSE");
    return 0;
}
```

Output window: C:\Dev-Cpp\h...  
Hola

```
#include <stdio.h>
#include <stdlib.h>

int main(int argc, char *argv[])
{
    printf("Hola");
    sleep(1000);
    system("cls");
    printf("Mundo");
    sleep(1000);
    system("cls");
    system("PAUSE");
    return 0;
}
```

Output window: C:\Dev-Cpp\hola mundo...  
Mundo
